17.30 Test ECM on line

SHOULDER ARENA

SCIENTIFIC INFORMATION

INFORMATION TO THE FACULTY

Congress Presidents invite the Speaker to stick to the congress schedule, please be informed that the microphone will be turned off when the time is over. Please ask to the Technician to delete your slide presentation from the control room's computer after the speech.

The slides will need to be prepared in English, while the presentation will be delivered in Italian with simultaneous translation.

SLIDE PREVIEW INFORMATION

Please note that to avoid incurring problems of non-visualization on the conference systems the digital videos contained in the presentations must be made using standard and wide-spread CODEC. The existing compression algorithms are in fact too many because they can all be made available on our computers. Do not use movies with the MOV extension.

Please get in touch with the Congress Secretariat (shoulderarena@balestracongressi.com) if videos differ from standard codec and file formats differ from those indicated; if there are large files.

Remember to strictly respect the time allotted for each presentation. At the end of the time the audio will be interrupted by the room technicians. The use of your PC/MAC is allowed upon advance notice to the technicians of the Slide Center.

ECM CREDITS PROVIDER NO. 2382 - 422198

N. 7 Educational credits CME have been assigned for the following professions: Physiotherapist, Medical Doctor (specialties: Orthopedics and Traumatology, Physical Medicine and Rehabilitation, General Medicine/Family Physicians, Anesthesia and Intensive Care).

The learning assessment test can only be taken online starting from the day following the event for 3 days on the website: www.balestracongressi.com.

Access to the platform for taking the test will be possible using credentials provided at the congress and upon verification of 90% attendance of the educational activities. The test can be taken only once. The minimum requirement for obtaining educational credits is achieving a 75% correct answer rate on the evaluation test.
